Transition area (kayak to trek, trek to kayak)

Hash house

Emergency Contact Numbers:
Emergency Services: 000
Gold Coast Water Police: 5509 5700
Event Organiser: 0408 730 493
Event Backup Contact: 0418 984 702

Course Notes:

During an ebbing tide all water generally drains to the south of CP52.
Before starting, all competitors must punch a START punch located at HQ.
To FINISH, all competitors must carry their kayak to a trailer, then punch a FINISH punch.
If asked by an official at the finish to assist to load their kayak, competitors must do so.
Punch the TA1 punch before and after collecting CPs on Map 2.
TA1 is the ONLY point at which you can transition between kayak and trekking legs.
Checkpoints on the Main Map can ONLY be collected whilst on kayak leg.
Checkpoints on Inset Map 2 can ONLY be collected while on trek leg.
Checkpoints punched when not on the correct leg will not count towards your final score.
NO PORTAGE of kayaks.
When you are out of the kayaks, make sure they are secure and will not float away....
You may only cross to and from South Stradbroke in the area shown as not out-of-bounds.
Please inform of your team number and planned next CP any time requested by an official.

The 2017 Bayside Raid has been bought to you by:
